DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. **As per claim 1 and dependent claims 2-9**, the examiner found no reference in the prior art that disclosed or made obvious a method comprising the steps of: providing heat to a soldering material so that portions of the soldering material flow out of grooves and between a carrier element and window foil due to capillary action and allowing the soldering material to cool to connect the window foil to the carrier element wherein an opening is substantially free of the soldering material and including all limitations recited in independent claim 1.
4. **As per claim 10 and dependent claims 18-20**, the examiner found no reference in the prior art that disclosed or made obvious a window comprising: a window foil connected to a surface of a carrier element by soldering material, the surface inclined with a decreasing height toward an edge of the carrier element opposite an opening and wherein the opening is substantially free of soldering material and including all limitations recited in independent claim 10.
5. **As per claim 11 and dependent claims 12-17**, the examiner found no reference in the prior art that disclosed or made obvious an X-ray source comprising: a window, having a window foil connected on a surface of a carrier element by soldering material, wherein the surface has at least one groove formed therein surrounding an opening and having a portion of the soldering material therein and wherein the opening is substantially free of soldering material and including all limitations recited in independent claim 11.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
